(feat. Keith Washington)

[Keith singing]*

[+ both Kylie and Keith singing]

[1:]

*Without you standing by my side
*Love and good fortune passes me by
And you were my guiding light
It seemed so easy
+When we said goodbye

+How different would the world be now
If only we had worked it out somehow
+What kind of fools are you and I
+There would be stars up in the sky
+If you were with me now

[2:]

*And I know I may go astray
*But who's to say that we can't change our mind

My love burns stronger each day
If I'm sure of one thing

+One love at a time
+How could we throw our love away
*When we had so much more than words can say
+The darkest clouds would fade away
+To bring the light into my day
+If you were with me now

[3:]

If loving you is right
Then turn back the hands of time
*I'd do anything to make you mine
There's nothing that I wouldn't do
*I could make you feel my love for you
+If you were with me now
+If you were with me now
+If you were with me now
