(ohh, when you treat me like you do)

1a:

You're stringing me along
With just a hope to carry on
That hurts me
And you know i've tried
To keep my tears held back inside

1b:

But why am i waiting for you
When you treat me like you do

Chorus:

You can't keep me hanging on
Now the magic's gone
I'm over dreaming over you
It's much too late
My love just can't wait
I'm over dreaming over you

2:

I should have seen it from the start
There was no room inside your heart
And i'd be better on my own
Than have a heart without a home

My waiting days are through
I'll be no more a fool for you

Chorus:

Chorus:

1b:

Chorus:

(repeat & fade)
