You stand around the edge
Looking tip-top but you forget
That when I look at you
Baby, I see so much more you could do

Oh, come to me
You'd look good in company
And your wish is my command
All you got to do is take my hand

Come to me, come to me
Don't you understand

That body was made for dancing
So follow me down this way
Come on now, twist it, turn it, turn it
Push it, burn it, burn it

Made for dancing
Totally designed to shake
So come on now, twist it, turn it, turn it
Push it, burn it, burn it

Oh, twist up, flip the part
Tie your name up on my heart
Don't be so shy about it
Don't get uptight about it

Move close, can't you see?
You know you're gonna feel good next to me
Cause oh, oh
Don't you know?

That body was made for dancing
So follow me down this way
So come on now, twist it, turn it, turn it
Push it, burn it, burn it

Made for dancing
Totally designed to shake
So come on now, twist it, turn it, turn it
Push it, burn it, burn it

Dance-floor royalty
Famous on the disco scene

Be my king or queen

King or queen
Famous on the disco scene

That's what you are to me
I salute you

That body was made for dancing
So follow me down this way
Come on now, twist it, turn it, turn it
Push it, burn it, burn it

Made for dancing
Totally designed to shake
So come on now, twist it, turn it, turn it
Push it, burn it, burn it

Royalty [Incomprehensible]
Be my king or queen
