Listen, can you hear that distant calling  
Far away, but we'll be with you soon  
Rocketing to outer space in orbit  
Take us to the popstars on the moon

aaaahhhhhaaaaahhhhhaaaaahhhh  
Traveling lightyears  
aaaahhhhhaaaaahhhhhaaaaahhhh  
Traveling lightyears

Have yourself a taste of foreign glamour  
Speeding on our way to something new  
Missing for a night, but gone forever  
The crew are here to take good care of you

aaaahhhhhaaaaahhhhhaaaaahhhh  
Traveling lightyears  
aaaahhhhhaaaaahhhhhaaaaahhhh  
Traveling lightyears  
aaaahhhhhaaaaahhhhhaaaaahhhh  
Traveling lightyears  
aaaahhhhhaaaaahhhhhaaaaahhhh

Did you believe I'd let you down  
Your jealous heart gave you the runaround  
You couldn't see that I would always be your friend

When all your other friends are gone  
I'll still be here to help you carry on  
If you have faith in me then I'll believe in you

Just turn it into love  
Turn it into love  
And open up your heart and you'll  
Never feel ashamed if you  
Turn it, turn it, turn it into love

Turn it into love  
Turn it into love

And open up your heart and you'll  
Never feel ashamed if you  
Turn it, turn it, turn it into love

Please! Fasten your seatbelts!  
My name... is Kylie.  
I will be your Purser  
The exits are located at the front and the rear... of the  
craft!

Get up to get down at Discoteca  
Take a breath and take the plunge my dear  
Maybe things that you don't know are better  
I'll take you in my capsule out of here

aaaahhhhhaaaaahhhhhaaaaahhhh  
Traveling lightyears  
aaaahhhhhaaaaahhhhhaaaaahhhh  
Traveling lightyears  
aaaahhhhhaaaaahhhhhaaaaahhhh  
Traveling lightyears  
aaaahhhhhaaaaahhhhhaaaaahhhh

aaaahhhhhaaaaahhhhhaaaaahhhh

aaaahhhhhaaaaahhhhhaaaaahhhh

aaaahhhhhaaaaahhhhhaaaaahhhh  
Thank you for flying KM Air  
We hope you had a pleasant flight  
Please... fly with us again.
