[INTRO:]

(Live and learn)
Don't be afraid to
Do what you must do
(Live and learn)

[1a:]

You can never undo
Whatever's been done
You're so afraid
That true love may never come

Maybe tomorrow will bring
Happiness in
And in a little while
You could learn to smile
Again, oh, oh

But never give up
That's a big mistake
Be true to your heart
And even if it breaks
You can still

[1b:]

Love another day
Find another way
Take a little time
And you could find
That one day your heart
Will have a home

[CHORUS:]

Live and learn
When the morning comes
You'll see things in a different light

Give a little time
Don't be afraid to
Do what you must do
It's all up to you
To live and learn

[2:]

What's done is done
Past is past
You can look around
But you can never go back, keep on

Living your life
Living it right
Take a little time
And you could find
That one day your heart
Will have a home

[CHORUS:]

To live and learn
(Don't be afraid to
Do what you must do
It's all up to you)
Don't be afraid to
Do what you must do
It's all up to you
(Don't be afraid to
Do what you must do
It's all up to you)
To live and learn

[1b:]

[CHORUS:]

[repeat 2 times]
