Love At First Feeling  
Thought that I was going crazy  
Just having one those days, yeah  
I didn't know what to do  
Then there was you  
And everything went from wrong to right  
And the stars came out and filled up the sky  
The music you were playing really blew my mind  
It was love at first sight  
'Coz baby when I heard you  
For the first time I knew  
We were meant to be as one  
And I can't beat the feeling that I get when I'm with you  
My heart plays a rhythm in my head I can't help but  
move  
Two people synchronized, like a power, brings you  
closer  
Right inside and I can't beat the feeling that I get when  
I'm with you  
Was tired of running out of luck  
Thinking 'bout giving up, yeah  
Didn't know what to do  
Then there was you  
And everything went from wrong to right  
And the stars came out and filled up the sky  
The music you were playing really blew my mind  
It was love at first sight  
'Coz baby when I heard you  
For the first time I knew  
We were meant to be as one  
And I can't beat the feeling that I get when I'm with you  
My heart plays a rhythm in my head I can't help but  
move  
Two people synchronized, like a power, brings you  
closer  
Right inside and I can't beat the feeling that I get when  
I'm with you  
We got an energy x 3  
  
And everything went from wrong to right  
And the stars came out and filled up the sky

The music you were playing really blew my mind  
It was love at first sight  
'Coz baby when I heard you  
For the first time I knew  
We were meant to be as one

It was love, it was love, it was love, it was love  
It was love, it was love, it was love, it was love
