Loving is fun when the dangers begun
And you're makin' me run again oh-oh-oh
When you're calling I'm climbing the wall
I know that I'm only to blame
Feels so divine when you're close to the line
And there's reason to run again oh-oh-oh
Make me wait it's a beautiful ache
I know that it's part of the game

I've got mud on my face
From every thrill of the chase
But I'm fine
My heart is heavy with dirt
And every little bit hurts
I don't mind
I give as good as I take
And boy you're letting me break my rules
I love the lows and the highs
You make me twinkle inside
And I'm cool

It doesn't matter what the movies say
(Oh no) I like it better when you walk away
And you can fool me with those golden eyes
(Oh yeah) We're on the road to knowing satisfied

Chorus
'Cos loving you don't mean I lost my groove
And baby breakfast in bed don't mean I'll get in the mood
'Cos loving you don't make me on your side
You can't take the diamonds that are in my eyes
'Cos loving you don't mean I lost my groove
And baby breakfast in bed don't mean I'll get in the mood
'Cos loving you don't make me on your side
You can't take the diamonds that are in my eyes

So when the good times fly and it's cold outside
I won't be dancing with myself
And if the world's unfair and it's cold out there
I won't be dancing with myself

So when I got no jive and it's cold outside
I won't be dancing with myself
I let my heartbeat go 'cos inside I know
I won't be dancing with myself

It doesn't matter what the movies say
(Oh no) I like it better when you walk away
And you can fool me with those golden eyes
(Oh yeah) We're on the road to knowing satisfied

It doesn't matter what the movies say
(Oh no) I like it better when you walk away
And you can fool me with those golden eyes
(Oh yeah) We're on the road to knowing satisfied
(satisfied, satisfied, satisfied)
