Never Spoken

[Fever]

Kylie Minogue/Steve Anderson

I know I've said too much
Confessing to my love
I was caught up in the moment
Should have tried to keep my cool
But I tried to bend the rules
In any case you would have known it

By the way that I've
Been looking at you
You can tell that I am gone, gone, gone

Sometimes I wish I'd never spoken
Honesty can be too open
It's not what I was hoping for
I didn't mean to open up that door
I wish I'd never spoken

It was going oh so well
Still could be I can't tell
Now I don't know what you're thinking
Those three little words
Were they ready to be heard
Should my heart fly or be sinking

Well I've said it now
My feelings out loud
But I don't want you to be gone, gone, gone

Sometimes I wish I'd never spoken
Honesty can be too open
It's not what I was hoping for
I didn't mean to open up that door
I wish I'd never spoken

How long do you wait
To say I love you
How long do I look in your eyes
How long does it take

To say I love you
When's the right time
Sometimes I wish I'd never spoken
Honesty can be too open
It's not what I was hoping for
I didn't mean to open up that door
I wish I'd never spoken
Sometimes I wish I'd never spoken
Honesty can be too open
It's not what I was hoping for
I didn't mean to open up that door
I wish I'd never spoken
Sometimes I wish I'd never spoken
Honesty can be too open
It's not what I was hoping for
I didn't mean to open up that door
I wish I'd never spoken
