Gotta take a chance, gotta make a move  
Got everything to gain and nothing to lose  
Ah, nothing to lose

Last night as I fell asleep  
Made up my mind, what I would say to you  
And this time, I'd make you see  
It's her or me, nothing can come between us

I won't share you with any other girl  
'Cos I've got my pride, I've

Gotta take a chance, gotta make a move  
Got everything to gain and nothing to lose  
Ah, nothing to lose  
Everything to gain and nothing to lose

But I realized you may decide  
Maybe you just don't want me now  
May lose your love but if that's the price  
I have to pay for you, then

Maybe that's just the chance I have to take  
I made up my mind, I

Gotta take a chance, gotta make a move  
Got everything to gain and nothing to lose  
Ah, nothing to lose  
Everything to gain and nothing to lose

Gotta take a chance, gotta make a move  
Got everything to gain and nothing to lose  
Ah, nothing to lose  
Everything to gain and nothing to lose

I won't share you with any other girl  
'Cos I've got my pride, I've

Gotta take a chance, gotta make a move  
Got everything to gain and nothing to lose  
Ah, nothing to lose  
Everything to gain and nothing to lose

Gotta take a chance, gotta make a move  
Got everything to gain and nothing to lose  
Ah, nothing to lose  
Everything to gain and nothing to lose

Gotta take a chance, gotta make a move  
Got everything to gain and nothing to lose  
Ah, nothing to lose  
Everything to gain and nothing to lose

Gotta take a chance, gotta make a move  
Got everything to gain and nothing to lose
