Look around I see a million different faces  
But no one's looking in my eyes  
It takes a minute when I mean these different places  
do you realise?

All we need is love in this life it's true  
All I need is the love I get from you  
And I want to scream it out  
If you hear what I'm saying

Put your hands up  
If you feel in love tonight  
If you feel in love  
Now put your hands up  
If you feel in love tonight  
If you feel in love

No matter what, we're gonna take this moment  
Now come on baby you can show me  
So put your hands up  
If you feel in love tonight  
If you feel in love

Everybody knows how life can get so twisted  
But I won't let it bring me down  
There's no point in ever trying to resist it  
Just work it out  
All we need is love in this life it's true  
All I need is the love I get from you

So put your hands up

If you feel in love tonight  
If you feel in love  
Now put your hands up  
If you feel in love tonight  
If you feel in love

No matter what, we're gonna take this moment  
Now come on baby you can show me  
So put your hands up  
If you feel in love tonight

If you feel in love

If you call it out tonight  
Let me hear it now  
Said If you can let out tonight  
Let me hear it

Now put your hands up  
If you feel in love  
Now put your hands up  
If you feel in love

[INTERLUDE]

So put your hands up  
If you feel in love tonight  
If you feel in love  
Now put your hands up  
If you feel in love tonight  
If you feel in love

No matter what, we're gonna take this moment  
Now come on baby you can show me  
So put your hands up  
If you feel in love tonight  
If you feel in love
