Make up your mind and don't believe  
It's bad news everywhere  
Take your time and look around  
Because there's something in the air

There's a feeling that's gaining ground  
And everyone can have a share  
Don't miss your chance, take up your stance  
And just be sure that you are there

It's in your hands now  
To change your fortune  
To shape your future  
Be proud of yourself  
Remember, things can only get better

If you believe inside your heart  
Nobody's second class  
Every day's a brand new start  
What's past is past

And if your dreams go nowhere  
Don't give up the fight  
Come with me and you will see  
It all looks different in the morning light

It's in your hands now  
To change your fortune  
To shape your future  
Be proud of yourself  
Remember, things can only get better

If you're feeling you  
Can't go on and  
You're lost and lonely  
And feel so afraid  
Remember, things can only get better

It's in your hands now  
To change your fortune  
To shape your future  
Be proud of yourself

Remember, things can only get better

If you're feeling you  
Can't go on and  
You're lost and lonely  
And feel so afraid  
Remember, things can only get better

It's in your hands now  
To change your fortune  
To shape your future  
Be proud of yourself  
Remember, things can only get better

If you're feeling you
