True love never dies,
True love never dies

We look like shadows in the streetlight,
Only me and you,
A secret rendezvous after midnight,
They tried to keep us from each other,
They crucify our love,
Say we're not good enough,
To be lovers

Our love will last forever,
True Love,
True Love Never Dies,
We'll always be together,
True love,
Our love will last forever,
True Love,
True Love Never Dies,
We'll always be together,
True love

Our love will last forever,
True Love,
True Love Never Dies,
We'll always be together,
True love,
Our love will last forever,
True Love,
True Love Never Dies,
We'll always be together,
True love

I want to hold you in the morning,
I want to wake up by your side,
No reason to hide what we're feelin',
(Give me your feelin'!),
I want to tell the world about it,
Tell them all the truth,
Get up on the rooftops and shout it

Our love will last forever,

True Love,
True Love Never Dies,
We'll always be together,
True love,
Our love will last forever,
True Love,
True Love Never Dies,
We'll always be together,
True love

True love never dies,
True love never dies,
True love never dies,
True love never dies,
True love never dies
