let me know who's down who's not down  
who is real? who is faking?  
there is no vacancy there is no station  
nobody provides any information  
we face the fatal situation, but they are pretending like  
nothing happened  
this is mayday that appears on the horizon  
we are standing at the forefront to rebuild and  
reconstruct

from where i stand, from what i feel  
want to put my arms around you, help you heal  
keep you in my heart, wrap you up in love  
we're all the same, gotta share the pain, lift you up

we are one, we are one  
you make me say,  
na na na, na na na  
we are one, we are one  
you make me say  
na na na, na na na  
you make me say  
na na na, na na na

you know the ambience is obvious  
no one is victorious, in this situation, you ask why?  
if you wanna speak up, you better stay anonymous  
your voices are been monitored  
why? whose philosophy are they forcing us?  
what lobbyists?  
out thoughts are being kidnapped by them  
i know they watching every single move

we gotta keep fighting this battle till we drop  
but i believe someday we will see  
we don't have to feel alone  
we are not alone, someday we will see  
just turn our back on the past and believe, we are one

we are one, we are one  
you make me say,  
na na na, na na na

we are one, we are one  
you make me say  
na na na, na na na

somewhere i stand from what i feel  
want to put my arms around you, help you heal  
keep you in my heart, wrap you up in love  
we're all the same, gotta share the pain, lift you up

we are one, we are one  
you make me say,  
na na na, na na na  
we are one, we are one  
you make me say  
na na na, na na na  
you make me say  
na na na, na na na

we can unite, we can light up the darkness  
we can unite, we can light up the darkness  
we can unite, we can light up the darkness  
we can unite, we can light up the darkness
