Intro:

What kind of fool do you take me for
(do you take me for, do you take me for)
(but i heard all that before)

1a:

I don't wanna hear your reasons
I'm not giving you another chance
In my kindness you saw weakness
Time for me to make a stand

1b:

Whenever i hear your music
Singing the same old tune
You're so sure that i can't refuse it
But don't you speak too soon

Chorus:

What kind of fool do you take me for
Don't wanna see your face no more
You can say you'll be true, i can trust in you
But i heard all that before

2:

Remember how i used to need you
But baby you were never there
There was a time when i believed you
But now i know you didn't care
Don't wanna hear your hard-luck story
It's the same time after time
It's too late to say you're sorry
You'll never change wrong to right

Chorus:

Chorus2:

What kind of fool do you take me for
No-one on earth could give you more
You would change white to black
If i took you back

But i heard all that before

What kind of fool, what kind of fool
(believed you, believed you,
Believed you, believed you)

1b:

Chorus:

Chorus2:

Chorus:
(fade)
