I can't catch my breath (breeaath)
Whenever you feel like it
Whereever you feel like it
However you feeeeel like it
I like (I Like it I like it)
You're Wild
You're Crazy
You're not like other people baby
You're a devil
You're a rebel
That's why i need you baby

For keeping me up all night
For making me feel alright(right)
You march to the beat of your own drum baby
You can come to me.

Whenever you feel like it
Whereever you feel like it
However you feeeeel like it
I like it (I Like it I like it)
Your dark, your stormy
You really do it for me
I'm here
I'm waitin'
Use your imagination

For keeping me up all night
For making me feel alright(right)
You march to the beat of your own drum baby
You can come to me.
Whenever you feel like it
Whereever you feel like it
However you feeeeel like it
I like it (I Like it I like it)
Your hearts beating with the rhythm of love
Don't stop now i can't get enough
My hearts beating me to death
I can't catch my breath.

(bridge)

For keeping me up all night
For making me feel alright
You march to the beat of your own drum there
Come on, come on, come on
Whenever you feel like it
Whereever you feel like it (you hold me)
However you feeeeel like it
I like it (I Like it I like it)

(you can come to me)

Whenever you feel like it (you'll find me)
Whereever you feel like it (your destiny)
However you feeeeel like it
I like it

(you hold me)

Whenever you feel like it (you'll find me)
Whereever you feel like it (you hold me)
However you feeeeel like it
I like it (i Like it I like it)

Whenever you feel like it (you'll find me)
Whereever you feel like it (ho yeah)
However you feeeeel like it
I like it (i Like it I like it)

(I like it.....fade)
