Thought I'd seen it all before  
Hung my heart up on the door  
Always cynical but â€¡â€¡â€¡â€¡.  
Then you woke me fro my dreams  
Showed me things I'd never seen  
Oh so natural you're so beautiful

You are the only one  
You're love is all I need  
Forget about the world  
Lets take it away  
Its just me and you  
We can hide above the moon  
When we're free to say  
And do what we wanna do  
I wanna be lost in love with you

There's a place I wanna be  
Free from insecurity  
Seems impossible  
But the bridge is crossable  
I don't care what people say  
I know that we can get there anyway  
We're unstoppable  
But for you I'd drop it all

You are the only one  
Ure love is all I need  
Forget about the world  
Lets take it away  
Its just me and you  
We can hide above the moon  
When we're free to say  
And do wot we wanna do  
I wanna be lost in love with you

Lost in love with youuu  
Yeh yeh yeh yeh yehhhh

Forget about the world  
Lets take it away  
Its just me and you

We can hide above the moon  
When we're free to say  
And do wot we wanna do  
I wanna be lost in love with you

Lets take it away  
Its just me and you  
We can hide above the moon  
When we're free to say  
And do wot we wanna do
