Ohh fire fire
Ohh fire fire
Fire fire

What will be
Will always be
What will be
Will always be

Don't get burn by the fire
Don't let the system blind you
Oh I'm telling you
Got to want to see the light
For your rights you've got to fight

Chorus:

(Fire fire)
Fire fire
(Fire fire)
Fire fire
(Repeat Chorus)

Oh Oh Who's gonna save your soul
Oh Oh life is worth more that diamonds and gold
Oh Oh I say the truth got to be told
Each and everyday I pray I've got to reach the east
For it seems the only way I'm gonna find some peace
Got to know right from wrong
Oh I'm telling you
Got to want to stand up strong

What will be
Will always be
What will be
Will always be

Reaching on reaching on reaching on, reaching there
Got to reach the east (repeat verse 3X)

Don't you dare to judge me for the color of my skin

Say you got to want to get to know me
To know what's within
Some may call upon his name and still committing sin
But I won't judge you my friend
I'll leave it up to him
'Cause What will be
Will always be
What will be
Will always be
Some say this and some say dat
But who is you to judge me
Don't you dare do that
Some say this and some say dat
But no matter what they can't change the facts
Some may know and some may not
