.. what what what what

What what what what what, what what

What what what what what, what what

Chorus: Noreaga (repeat 4X)

To all the bitches out there, you know I'm talkin to you  
(We wanna fuck you Nore!) I wanna fuck you too

[Noreaga]

I'm in Philly with, Chilly in the after party

Gettin head in the bathroom, with Bacardi

My niggaz rowdy in the party like a hundred deep

I don't come alone, nigga bring the whole street

Ladies love me now, and now they wanna creep

Leave they man and all, I ain't mad at all

I got money now, when I'm down South I ball

I met this chick in the Rich, she was black and tall

She had, nasitall, no-ass-at-all

Told the bitch watch out, move back and forth

My niggaz come through, watch my niggaz, crack the  
car

Motherfuckers ain't live though, shop in the mall

Uh-huh, shit shit, let me kick my shit

Bring the biscuit, to the district, and miss it

Motherfuckers like Jake watch them try to frisk it

Chorus: Scarlett (repeat 4X)

To all the niggaz out there, you know I'm talkin to you  
(We wanna fuck you Scarlett!) I wanna fuck you too

[Scarlett]

How many pretty bitches you know, could flow like me?

Flip bricks and get dough like me? I'm Scarlett

When I ride you, who could make you cum like me?

Motherfucker you know ain't nobody else like me

I'm one of a kind, thuggin it, and I'm a dime

You lovin it, want some head nigga? None of the time

That dick ain't mine, nigga you, just a trick

So what I look like? Givin you this bomb shit  
I be like sick, when a nigga bust too quick  
and rush to get they nut off, before I get to bust off  
Then they get shut off, that be the shit that get a nigga  
cut off  
I'm sorry, and I hate to mislead ya  
But I gotta leave them, ninety-nine is here  
And we gon' please ya, Scarlett and Duchess  
Harlem World true divas, what?  
(What? Yo yo, yo yo yo yo yo yo, yo yo)

Chorus: Noreaga (repeat 4X)

To all the bitches out there, you know I'm talkin to you  
(We wanna fuck you Nore!) I wanna fuck you too

[Noreaga]

Hey yo, thugged out, bounce, once you bounce in my  
house

Yo I couldn't sell weed cause I smoke like an ounce  
Yo I smoke too much, my niggaz smoke too much  
And it's fucked, cause all my niggaz cancer bound  
And we smoke more weed when we out of town  
Even smoke barnyard, and that homegrown shit  
And we know we only pull the smoke, green that's it  
Have my nigga Branson, just FedEx shit  
When I'm, in L.A. or just, caught in the mix  
And I do the same thing when I'm caught in Da Bricks  
It's like Roger Rabbit, because y'all, full of Trix  
Fuck y'all cats, because y'all cats, fuck like this  
N-O-R-E, you know I make subliminal hits  
Yo Queens nigga, cream team nigga  
And I won't stop, til I'm makin six figure  
And do whatever what, N-O-R, your nigga

Chorus: Noreaga (repeat 2X)

To all the bitches out there, you know I'm talkin to you  
(We wanna fuck you Nore!) I wanna fuck you too

[Noreaga]

Too too too too too, too too (6X)
