[Intro:]

[Door closes]

Alright, alright, alright, alright

What do I know about, what do I know about the game

That can that can help me leave this fcking house this morning

Alright um, alright, alright, alright uummm

Alright, you have 10 minutes to get to the end of the zone

Alright maybe this is a really bad dream

This is a zone, I'm in a zone

I have 10 minutes to get out of this shit

Alright

I kinda like the phrase "spend some time"

Charles Hamilton

[Verse 1:]

Time,

We don't speak but can you speed up

Cause it's gettin even harder for people to keep up

I need what a rookie needs we he first enters the game

The ability to chill and still rekindle the flame

I came into the game with

So come visit the same nigga who lifted his spirit

? a kiss from the rain

God rules, she loves me

So I'm lonely when her reign ends

Cause that just leaves me

What was ea-sy can become unbelievably difficult, you see?

It's a difficult job to be C

But I spit too many letters for this difficult-y

Easy, time is on my side

I never come second I been on my grind

For a minute, separate what's ours

And be lost in the days from the flowers

The music is my power

[Hook: x2]

10 minutes StH you're on

A minute later StH and you're gone

So come on-on-on on-on-on on-on-on on-on-on

[Verse 2:]

Your time is go time  
No time to waste, old time is great past  
New time is late future  
I just spaz  
I'm present in my what tha fuck class  
Just ask me if you taking too long like Daft Punk  
To understand my rap son  
Make a wish like 11 past one  
You know the urban myths  
Look it up if you ain't heard of it  
The most absurd wish granted when the times right  
So sour is the lime light I'm right  
My sight is hind sight  
I look at yesterday to prepare for today in a better way  
10 minutes in the zone  
I'm living in the zone  
Infinitely listen to me zone  
You can zone for a second and your visiting my home  
This where I zone  
Shit I'm so alone

[Hook: x2]

10 minutes StH you're on  
A minute later StH and you're gone  
So come on-on-on on-on-on on-on-on on-on-on

[Clears throat]

Lemme get in the right zone

[Verse 3:]

Time is money when you got a lot of it  
I love it I am not budging  
Twice as negative  
I am not nothing  
Why do I does this?  
Mind if I crush this?

[Bridge:]

Look out I'm going in  
Look out, look out I'm going in  
I'm going in, I'm going in  
Look out I'm going in  
I can't lose for nothing  
I ain't losing nothing  
I can't lose for nothing, lose for nothing  
I ain't losing nothing  
I can't stop I ain't giving up  
No I can't stop I ain't giving up

I ain't giving up, I ain't giving up  
I can't stop I ain't giving up

[Hook: x2]

10 minutes StH you're on  
A minute later StH and you're gone  
So come on-on-on on-on-on on-on-on on-on-on

[Outro:]

You only got 10 minutes to get to the end  
That's what the game thought me haha  
I make sure I do it in a shorter time hehe  
Ain't no body running the zone like me hehe  
It's Charles Hamilton  
StH  
Sonic the Hamilton  
Sonic the Hedge-  
Aight you get it  
Zone out  
Casino Night run against me if you want  
I'm not 21 yet it's kinda funny this in C minor
