[Verse 1:]

I wish I had the chance to chill
I'm even movin' when I'm standing still
And I know you got a man but still
In this situation keep your man concealed
Cause I don't plan to reveal, how I'll
I will go in for the steal, forreal
Not hard to seal the deal, truth kills
You will live forever when we say we feel this real shit
together
I see you and I don't, you're a mirage that I'm married
to
House, picket fence, 2 car garage
Too hard to stop, too easy to let go
But you gettin' me tight like you need to let go
I'm not trying to make you somethin' you not
Even though I been wantin' to pop. You been wantin' it,
stop
You been frontin', it's not for incoming calls
I hope I come across like I know something
Meet me at the

[Chorus:]

Cali oriental spot inside of the grove
I'll be all the info you been dyin' to know
(Let's pay a game where you ask me anything that you
think I'll be afraid to answer)
(Cause I guarantee that I know what I say will be your
favorite answer)

[Verse 2:]

Now I just ordered some Unagi pieces
I copped you teriyaki, peep it
If it's too hot to eat, then just cop some tea
And let's watch the breeze cool it off
That means give it some time
The world doesn't end if you're livin' a lie
This is why, I spend my time livin' in my imaginary
world
Every girl that visits my mind, gets just a little blind
Anytime they enter my mind, as a thought of whatever
You might think I talk to them all just for pleasure

But nah, it's even better, I wanna love every woman
Skinny with no depth, or a meaningful heavy woman
A smart woman most likely is a deadly woman
I need a house wife, Wilma, Betty woman
End of the day, sounds like I need a steady woman
So break out the confetti, woman
I took you to the

[Chorus:]

Cali oriental spot inside of the grove
I'll be all the info you been dyin' to know
(Let's pay a game where you ask me anything that you
think I'll be afraid to answer)
(Cause I guarantee that I know what I say will be your
favorite answer)

[Bridge: x2]

The weather's just as hot as it wanna be
So mami, pass the wasabi
What's hotter than the girl that's in front of me
The Sake really really got me
No stress, no stress at all. No stress at all
No stress, no stress at all. No stress at all

[Background during 2nd bridge repeat: x8]

California weather and a New York groove

[Chorus:]

Cali oriental spot inside of the grove
I'll be all the info you been dyin' to know
(Let's pay a game where you ask me anything that you
think I'll be afraid to answer)
(Cause I guarantee that I know what I say will be your
favorite answer)
