Now I'm lookin' right here, inside myself  
I've got my eyes closed  
I'm looking backward through my brain  
Thinkin' about what I'm thinkin' about  
Wonderin' if there is an insane  
Talkin' about a whisper  
Whisperin' in my mind  
Talkin' about forever  
Beyond illusions of time  
Talkin' about forever and ever and ever  
Beyond all illusions  
Faith so hard is mine  
And I was just a man's son  
And I was any old one  
Of a million million million  
In the minds of all I see

Infinity, infinity

Noise has come to my ears  
From some television  
In the skies of mind  
Televisions in the sky of blind  
Television reruns and reruns and reruns  
All the time  
World is just in my lonesome  
Child's mind, all the time  
If you had no time  
You'd have to be right now  
The world's spinning around in space  
Spinning around on my face  
Take the place of a race  
That's already been won  
Things are in perfection  
When you see  
Things are in perfection  
Soul to see  
All is all and everything you  
Could love or be  
All is now and now is all  
In my heart can you see
