Hold your breath  
Make a wish  
Count to three

Imagine dozin off in my arms to the scent of chocolate  
and an incubus song  
You feel free you ain't got much on  
I feel free so I'm comin on strong  
But I'm not tryna to climb inside you  
I just wanna be in your mind to guide you  
You don't see the beauty in your eyes but I do  
The diamonds in your eyes don't lie you shine boo  
And need I remind you that I do shine too  
And I do find you divinely insightful  
You said you weren't on the same page as me  
But your lips and your eyes say you're cravin me  
If it goes down what would he say to me  
And even if it doesn't what would they believe  
Just relax here and lay with me  
Spend a day with me  
Here in make believe

[Chorus:]  
Come with me  
And you'll be  
In a world of  
Pure imagination  
Take a look  
And you'll see  
Into your imagination

It begins  
With a spin  
Traveling  
In a world of my creation  
What we'll see  
Will defy  
Explanation

I live in my world  
I play by my rules  
I live by a chocolate lake that I use

With strawberry fish I make it my pool  
Climb on top of the gate and dive to  
The bottom of the flavor savor my truth  
Mr. Right is here, Mr. Wrong just left  
Which only leaves Mr. Right, don't be down and upset  
You down to set up a situation  
That will never mess up or get impatient  
It ain't all about me getting laid  
It's the way we kiss that makes me flip, I savor it  
Your kiss is true, this is true  
But you think it feels wrong, but this is new  
All I got is this world that I give to you  
Look at relationships from a different view  
As you can see, this here's for you so...

[Chorus:]

Come with me  
And you'll be  
In a world of  
Pure imagination  
Take a look  
And you'll see  
Into your imagination

It begins  
With a spin  
Traveling  
In a world of my creation  
What we'll see  
Will defy  
Explanation  
I she'd so many tears in this factory  
Cause it does get lonely in here  
Even when I got my homies in here  
They only my peers  
I need a girl to hold me in here  
The window of hope that's supposed to be clear  
Got broken like my heart  
I know you can hear the sincerity and clarity  
You know I'm sincere  
But just like my chocolate, I don't need to smear  
So take me in girl, indulge in me  
We can be everything that we can grow to be  
Look at how long it took for you to notice me  
Just hold me tight like a rosarie  
I can't create candy without a little sweetness  
My weakness, something that I can cake up  
But even if you decide to leave  
You still gonna smell chocolate when you wake up

[Chorus:]

Come with me  
And you'll be  
In a world of  
Pure imagination  
Take a look  
And you'll see  
Into your imagination

It begins  
With a spin  
Traveling  
In a world of my creation  
What we'll see  
Will defy  
Explanation

Hold your breath  
Make a wish  
Count to three

[Chorus:]  
Come with me  
And you'll be  
In a world of  
Pure imagination  
Take a look  
And you'll see  
Into your imagination
