I know, I should say no  
But, it's kinda hard when she's ready to go  
I may be dumb, but I'm not a dweeb  
I'm just a sucker with low self esteem

I met this rockstar girl in school  
She would be in class, I be cuttin' like a fool  
She had a good average and I broke rules  
I had a crush and she didn't have a clue  
I was to myself, but I hung with a crew  
She was to herself, but she had a crew too  
I dropped out and she paid her dues  
And in due time we saw how things grew

It all started out by us talking on AIM  
She was so shocked that I knew her name  
She would date dudes that I knew were lame  
She knew I had body, so she knew my game  
Or did she?  
If so, she would lose this game  
If only she would listen to the new kid's slang  
Cause he be doin' his music thing  
So it's only right he kiss when the music played

There's no reason to feel, alone, because  
There's somebody who feels, the same, yeah  
So if ever you feel alone  
Just know that you can call my name, my name

Our first date was The Devil Wears Prada  
I was so proud of the fact that I got her  
She was with a lot of old friends from the high school  
that we first met at  
That was not a problem  
Only one setback, they would all gossip  
And they would all start up problems  
I just watched 'em closely, cause they don't really know  
me  
And they don't really know we, feelings bitter slowly  
We stayed friends  
I dealt with lame chicks, she dealt with lame nigs that  
dealt the same shit

I told her how I felt, she felt the same then  
Eventually what we had felt had came in, to play  
Invited me over, I came in to play  
We had no statements to say  
I love you is just a statement away  
But before we take the plunge, the day drifts away  
But we still know

There's no reason to feel, alone, because  
There's somebody who feels, the same, yeah  
So if ever you feel alone  
Just know that you can call my name, my name

After the kiss everything was so fine  
Thoughts of her kiss invaded my mind  
She might be mine  
But of course it's time, for her friends to chime and  
cross that line  
I'm, mindin' my BI after gettin' tree high  
Here come my friends tryin' to tell me how  
After tellin' me high, they all get to talkin'  
Charles, she's a tease and ya'll would be awkward  
Givin' me opinions, names I won't mention  
And me bein' a dummy, I had to listen  
Now she's missin'  
Coulda been romantic, damn it  
Romantic chances get damaged  
And it's what happens when friends get to yappin'  
We both insecure and afraid to take action  
But if she sleeps, I help her dreams and her (low self  
esteem)

There's no reason to feel, alone, because  
There's somebody who feels, the same, yeah  
So if ever you feel alone  
Just know that you can call my name, my name

There's no reason to feel, alone, because  
There's somebody who feels, the same, yeah  
So if ever you feel alone  
Just know that you can call my name, my name
