Here's My Confession  
H-Here's My Confession  
I-I don't want to Love You  
I-I don't want to Love You (Sick of myself)  
Here's My Confession  
I-I don't want to Love You, but oh oh oh

(Crooked I)  
Yo, I wish I could pick a different me

Yo, Yo

I'm the product of a cheap condom, Accidents happen  
My dad never knew he had a bastard kid rappin'  
Sad when I met the man, imagine him laughin'  
Sayin "I wish I coulda wiped you the mattress with  
napkins"  
To him, my whole life is only worth a lame joke  
To me, Him and Marvin Gaye's father are in the same  
boat  
All I had was Momma, all we had was drama  
So I'm an Armed Robber who needs body armor for all  
my karma  
It's hard for me to breathe, I'm back home  
No woman could be my backbone  
That's what part of me believes  
Cuz soon as they get close, it's like "Pardon me" I leave  
Cupid shot at my chest, but my heart was on my sleeve  
In the dark I'm on my knees, prayin' to understand stuff  
Suicide rumblin' in my head as I stand up  
Gun on my waist tumblin' down my leg through my pant  
cuff  
I'm reachin' for it, I'm thinkin' "Please ignore it"  
I'm sick of me

(Chorus)  
Niggas feel you over here my nigga word.  
Niggas hear you over here my nigga.  
We see you over there, we need you over here.  
Niggas wanna be you over here, my nigga  
Tears of Fire

Niggas feel you over here my nigga word. (Tears of Fire)  
Niggas hear you over here my nigga. (Tears of Fire)  
East Coast to West Coast two niggas that go hard  
Charles Hamilton, Crooked I, y'all know (Tears of Fire)  
Tears of Fire

(Charles Hamilton)

Yo Crooked, Look at the shit that I put up with  
Is it a crime  
to love yo' niggas or wish they were fine  
But at the same time  
You ain't find reason to be the Fall Out,  
Boy call out the names of people that brought out the  
flames  
That I cry  
No enjoying my haze,  
Cuz the choices that get played they be in yo' face like  
Oylo Boulay  
But no going away, for the, poisonous taste  
of your boys when they annoying and they it's okay to  
Violate, a toy in the cage,  
what seems wack, until you lean back and get it nigga  
The cage come second when you buy the figure  
so for that money, I'm a violent nigga  
Vibin' witcha from my mind's distance  
By the way, respect is my riches, I'm mindin' my  
business  
Die quicker than a buzz of a nigga doin' drugs  
'Til he's hit by a truck  
Listen to us Muthafukka

(Chorus)

Niggas feel you over here my nigga word.  
Niggas hear you over here my nigga.  
We see you over there, we need you over here.  
Niggas wanna be you over here, my nigga  
Tears of Fire  
Niggas feel you over here my nigga word. (Tears of Fire)  
Niggas hear you over here my nigga. (Tears of Fire)  
Tears of Fire  
Tears of Fire
