[Sample: Tracie Spencer - "Tender Kisses"]

[Verse 1:]

It's too much to even try to explain  
Your vibe is unstrained and times haven't changed  
But time in arranged makes me feel like my mind is  
deranged  
Your eyes are amazing  
I see sanity it em', do I sound nuts?  
If so, let me start over from the ground up  
Let's act like no one is around us  
We're lucky to be lost like Vegas just found us  
I don't know if I'm reading the signs wrong  
But I believe in what eyes can do if the vibe is strong  
Reality bites like a python  
And my heart is on the sleeve that I write on  
I write with my right, so I hope you don't think this is just  
a nice song  
You might be wrong  
I just wanna be your personal magician  
Before the night is gone and it's worthless to mention  
this sentence

[Chorus:]

Let's make a little magic, baby  
(Do you believe in that?)  
Here's a piece of my heart  
(If you want it you can have it baby, I don't need it back)  
(Why?)  
Cause I'm spending time with...  
(My imaginary girlfriend)  
Living life with...  
(My imaginary girlfriend)  
Getting high with...  
(My imaginary girlfriend)  
Just kissing my lips...  
(My imaginary girlfriend)

[Verse 2:]

Chances are I'm jumpin' the gun  
I guess I'm predicting for somethin' to come (Heh)  
In my world your number is one

In your world my number is none  
Cause you don't know me yet  
I've been watchin', jottin' notes on how I could approach  
Don't stop me though  
From a distance, we locked eyes  
I cannot lie; I got blind from the way your spotlight  
shines  
Maybe then was not the right time  
I don't care; I went home to jot some tight lines  
If we kiss, we rob the sky blind  
Cause the stars wanna watch us, alright fine  
I pour you a glass of wine, while I roll up a dime  
I don't know if you smoke, but I know that you fly  
High, like you totin' a lime, that's green  
I know that didn't go over your mind

[Chorus:]

Let's make a little magic, baby  
(Do you believe in that?)  
Here's a piece of my heart  
(If you want it you can have it baby, I don't need it back)  
(Why?)  
Cause I'm spending time with...  
(My imaginary girlfriend)  
Living life with...  
(My imaginary girlfriend)  
Getting high with...  
(My imaginary girlfriend)  
Just kissing my lips...  
(My imaginary girlfriend)

[Verse 3:]

If you gave me your number  
I won't be so wild annoying and call ya  
We would talk for a while, enjoying all the  
Perks, we get from work  
I oughta, confess  
I'm intimidated cause you're taller  
But I want you in my company  
And maybe it's your height that humbles me  
And maybe one night, sittin' underneath the sunbeams  
You will see that you should come with me  
What the hell gon' come between Y-O-U-A-N-D-M-E  
I know you make believe in dreams  
That someone could make you feel less empty  
I ain't a angel, but god sent me, to show you love  
constantly  
Get me? It's magic, no tricks up my sleeve  
But this is just a thought, let's kiss in my dreams  
Goodniiiighhhttt:)

[Chorus:]

Let's make a little magic, baby

(Do you believe in that?)

Here's a piece of my heart

(If you want it you can have it baby, I don't need it back)

(Why?)

Cause I'm spending time with...

(My imaginary girlfriend)

Living life with...

(My imaginary girlfriend)

Getting high with...

(My imaginary girlfriend)

Just kissing my lips...

(My imaginary girlfriend)
