Verse 1:

Somewhere on the desktop
Views the zip file mixtape of the next part kid
Lets not kid ourselves be clear
You see me here I runs this here
And mega upload
With my forever steppin up flow
Just know I'm jsut wakin up so
When I yawn ya'll gettin more
Not feelin how I explore
ALT F4
No one can tell me what I can and cannot do
Tell me be quiet and I holler like yahoo
Pause
Just in case we got bloggers
Who wanna sit behind keys and start problems
I made the beat all praise to me
I'm pryin my windows not afraid to peek
So log on like a jamiacan dancer download me
Go head and take ya chances

Chorus:

Myspace.com/hamiltonsmusic

Verse 2:

Can't nobody stop me I'm sorry
I was raised in the concrete safari
You other clowns got hate in ya blood
You talk that new shit wit windows 98 in ya blood what
I don't need some new fads indorsements
I'm indorsed by these mad important cats
With more than enough to by your life
But I'm wireless
And your mice
No strings attached when I sling my raps
Real name when I bring the facts
Seen in your favorite magazine with a great pose
But I don't pose
Cause I hate pose-ers
Except for one photoshoot
For complex what the heck was I supposed to do

I had fun
Actin mad young
I was flyer than the rest of them
Why am I addressin them

Chorus

Verse 3:

You aint catch when I said put my mac down
Like I got a girls top on my lap now
Dat was mad hot
And mad fowl
Now that I said it all here think back now
Mac lipgloss
Mac laptop
Girls top on my lap dats mad hot
Wow
How arrogant of me to explain a hot bar
From a track I did for free
Sorry 9th I thought they took care of that shit
I hope reo-g don't think I did some wack shit
I kno how some cats like to play favorites
But I need a favor alright okay player
Tell everyone to stop puttin up me post
Before I find they IP address
And straight ghost
Them
Kill em I send em a virus
Let me chill before they add my girl sidekick

Chorus
