Tic Tac Toe is a game I used to play.  
When I was little I used to say  
I got the X and I got the O.  
It don't matter cause it's Tic-Tac--Toe.

Now I'm a little bit older.  
I like to play just a little bit bolder.  
I like gettin' girls and givin' em pearls  
And their legs across my shoulders.

I love to go to the disco.  
See a fly girl and say hello.  
They just look me in the eye and pass right by  
With that booty shakin like Jello.

I like to speak cause that's bein' nice.  
It makes me mad when I have to speak twice.  
But that's the game that girls like to play  
It's just Tic-Tac-Toe and roll the other way.

Chorus  
X, and O. As in yes, and no.  
X, and O. As in sex, maybe so.

X is for yes and O is for no.  
X is for sex or maybe so.  
You might get some if you play this game.  
All girls love it but smooth is their game.

That's why they just walk right by.  
Laughin, gigglin, shakin that pie.  
Girls are what you what when you come up to them,  
So don't play dumb and try to school em.

That's when you got to be real cool.  
Jump in the biz and act a fool.  
Pull out the portable car phone.  
Next thing you know you'll be drivin' em home.

On the way there you're thinkin' bout one thing.  
Girls ain't dumb they know you want the wild thing.  
You through the X and go for the kiss.

They throw the O and go for the dis.

Chorus

Do you wanna play Tic-Tac-Toe?  
Do you wanna play Tic-Tac-Toe?  
Do you wanna play Tic-Tac-Toe?  
Do you wanna play Tic-Tac-Toe?

Chorus

I met this girl by the name of Judy.  
Kind of cute with a real nice booty.  
Hard to get and likes to play tough  
Cause she knows I want the funky stuff.  
When I spoke, she wouldn't even speak  
Til she saw me in the biz that week.  
Took her to the movies and bought her a treat.  
Went to my house and made the bed squeak.

Yeah that Judy puts up a fight  
But I won with the X cause I rolled that night.  
Just when things started to feel good  
We rolled a little fast and we broke the wood.  
My dad got up cause he heard some knockin'.  
Thought it was a crook me and Judy was rockin'.  
Came to my room opened up the door  
Son whatcha doin'?  
Playin Tic-Tac-Toe.

Chorus
