Yes this is your boy Kyprios.  
Oh-oh, yeah yeah, oh-oh, right (right)  
Right there, oh-oh,  
Oh-oh, uh-uh, oh-oh,  
Right there, that's my spot  
I look em' in the eye but they cannot see,  
I tell em' from the heart but they don't believe,  
I hit you in the place where you keep your dreams,  
I fertilize you mind when i plant these seeds  
Oh oh  
My heart drums the beat  
I circulate the world with the air I breathe  
I need to reach the world with the words i speak  
Kyprios, I got the ink in my soul that bleeds.

Chorus:

I ain't just the messenger,  
Giving you the messages,  
I ain't got the answer  
But I'll show you what the question is

Diamond ain't forever  
Even gold will go,  
All you've got is you,  
You'd better hold your soul,  
Fight back, get back, live that and take control,  
All you've got is useful,  
Baby hold you soul

One thing, effects the other,  
So in some way,  
Were all connected to each other  
Fathers and mother, sisters and brothers,  
And other motherfuckers under it all,  
Who wanna make you suffer

But it's straight though,  
Carry you're weight load,  
Try and make a difference when you're makin the  
peicos  
It aint so bad little man

It could always be worse  
Ill tell the truth if it hurts

The world is my perch  
And i leave in a herse  
But i believe it better than when i was seeing it first (x2)

(Chorus:)

I look em' in the eye but they cannot see,  
I tell em' from the heart but they don't believe,  
I hit you in the place where you keep your dreams,  
I fertilize you mind when i plant these seeds

Valley of death when im feeling deep,  
I spit out fire when i need some heat,  
Named Kyp, cocaine i wont let you sleep,  
Venom in my tongue because im dyin to speak

Jump back, jump back, front back,  
Do this, say that fuck that  
Too late, too deep to turn back,  
Call me loose slip,  
Lose before i burn your tracks

(Chorus:)
