They try to put my whole life on display,  
And when I got a job you know I don't delay,  
You aunt a pro in the game you procrastinate,  
From Tokyo to the golden gate,  
BANG from the general,  
BANG from the tank,  
BANG, BANG from the captain,  
BANG from the left,  
Hold a lotta weight I got a lot of bread to make,  
I gotta find a better way to make a million in a day  
Batter, Batter swing when im at the plate,  
Said a lot of things but wont be fake  
Walkin with god tryin to get me saved,  
But the devils on my shoulder showin me the way  
A to the B centuries of defeat, enemies of the free  
Who believe what they read and they say what they see  
But they see with the same eyes of the enterprise tellin  
lies to me

*[CHORUS]*

Help me  
Because I wanna warn the citizens  
Every one's only guilty of their innocence  
Freedom  
Is just business as usual  
Ugly  
The ignorant are looking Beautiful  
*[2x]*

Yeah

Im so ugly but my mommy loves me

And your girlfriend fucks me cause im making so much  
money

Iâ'm a pimp, pimp that's what I think  
Now go into the bar and grab me a drink  
Nicotine amphetamines will make you feel better  
A little bit of juice and a little amaretto  
No one ever said it better

I never knew love but I knew each letter  
L for the ladies O for the ovary's V for the vagina E for  
the ecstasy  
See, See wanna TV, And a star on the boulevard of  
easy street.  
Please me, appease me, now go and grab a friend  
come back and tease me,  
Gotta 40 inch screen for 40 of my friends  
Oh Lord wont you buy me a Mercedes Benz  
For 40 days and 40 nights it rained like a mother  
fucker,  
Sun is commin out yea better run for cover sucker

*[CHORUS]*

Help me  
Because I wanna warn the citizens  
Every one's only guilty of their innocence  
Freedom  
Is just business as usual  
Ugly  
The ignorant are looking Beautiful

Yeah
