It's 4 a.m. inside the shell  
She's lit the lanterns of the citadel  
Sister Moon she's 22  
Lived all her life in a satellite  
Counting planets passing by

CHORUS:

Sister moon - wheel of confusion  
Would you turn it all around for me?  
Sister Moon - Bliss of seclusion  
Would you throw it all away for me?  
Sister moon ? ohhhh ? yeah

What's so soothing in either's drone  
Waits for the morning on a telephone  
Doesn't say but every day  
She scans the news with telepathic eye  
TV, the strips, death notices

CHORUS:

Sister moon - wheel of confusion  
Would you turn it all around for me?  
Sister Moon - Bliss of seclusion  
Would you throw it all away for me?

She sleeps  
With boxful of beads  
Keeping them covered in darkness  
She sleeps  
With so many seacrets  
Keeping them covered in the dark

Sister Moon

[Ville & Girl moaning something]

CHORUS:

Sister moon - wheel of confusion  
Would you turn it all around for me?  
Sister Moon - wheel of confusion  
Would you throw it all away for me?

Sister moon ? ohhhh ? yeah

She sleeps...

With boxful of beads...

Keeping them covered...

In the darkness...

She sleeps...

(Fading)
