Look! Don't trust a thing
Envoy's here to pull you through
Hold on, don't talk
The journey has begun

Let the tenant take you thru the game in time
Spirit the gambler she the witch, seducer, Master-mind
Point at the patios devoid of Real energy
Snakes moving slyly upright
Glowing cold marine

CHROUS:

She took a shell turnt it inside out
You are in a cave crawling upside down
With the tenant herself The witch,
Seducer the master-mind

She took a shell turnt it inside out
You are in a cave crawling upside down
With the tenant herself The witch,
Seducer the master-mind

Take a walk thru a mexican landscape
Get to know the supernatural shapes
Make a trade for the further landmarks
Use'em now!
And you'll be sucked in the chase, yeah!

Tenant wiped you out in a static vision town
Passage for to enter cosmos without sound
No word for mercy - talking means harm
No word for mercy "Misojos se passearon"

Take a walk thru a mexican landscape
Get to know the supernatural shapes
Make a trade for the further landmarks
Use'em now!
And you'll be sucked in the chase, yeah!
