Before the dust depression born on a wall of stones
Conceived by a figurecroating teachings of the old

There's no water just shadows of men
Well we all sign a contract to get over the border
Shot the freaking supply of the pipe-line
Pull the plug and we are all allied today (today)

CHORUS:

Before the dust they give you stillborn lust
And obsession to do the things they say
They are preaching on about some right'n'wrong
All for justify their reasons for today
There's a line for loners and a bullet for soldiers
Always one for the road you're on
There's a black for believers, pile money for deceivers
And slit throats for Â– love

[Ville moaning something]

Sons and daughters
Just obey the word
From the great beyond
Fear is teaching
"grey will be your road"

Skin train has come
To track the rebels down
(Got fuck)
Outcasts without a name
Pribe them with white line,
Gilted shit devine
Locoman drives away

There's never a shelter granted freedom denied
When these raving loonies singing helter skelter
"Put the freaking defences aside
And just take a fix we are all allied"

Sons and daughters
Just obey the word
From the great beyond

Fear is teaching
"grey will be your road"

Sons and daughters
Just obey the word
From the great beyond
Fear is teaching
"grey will be your road"

[Ville moaning something]

Sons and daughters
Just obey the word
From the great beyond
Fear is teaching
"grey will be your road"
(Repeat 'til fade)
