I am drinking  
I am rolling  
(You can't stop me)  
I am hiding  
I am running  
(You can't stop me)

But I'll never forget you  
(Anyway)  
But I'll never forget you  
(Anyway)  
But I'll never forget you  
(Anyway)  
But I'll never forget you

I am drinking  
I am rolling  
(You can't stop me)  
I am running  
I am rolling  
(You can't stop me)

But I'll never forget you anyway  
But I'll never forget you anyway  
But I'll never forget you anyway  
But I'll never forget you

See our family to realize  
As it's running down today  
I love the city love, the day

No fool for you, in this I am  
I'm never gonna run about
