Hey, you
You're on your knees
You say you love me
So prove it to me
Cause I'll never, never, will never
Say I love you
Cause I'll never, never
Say it to you

Hey, you
You're on your knees
You say you love me
So prove it to me
Cause I'll never, never, never...
Say I love you
No I'll never, ever, ever
Say it to you.

Hey, you
You're on your knees
You say you love me
So prove it to me
Cause I'll never, never, will never
Say I love you, no.
Cause I'll never, ever, ever
Say it to you, no.
