Don't try to take me away
Like I can't live without you
Today
Makin love tomorrow
So way
Swoopin' your so fragile
Died today
You disgrace the mortal

Find me lately
Tied to someone
We've been laughing
Since you been gone
And I want to know
Did you all enjoy the show
It's so sad to see you go

And you know

Hanging low today
I replace the highway
Love the only way
Linking hands the wrong way
So I bare to see you go
It's so sad to see you go
I just thought I'd let you know

And you know
