Yeah, yeah, yeah, yeah

Ooh, this is the noise that I make  
When I wake the dead  
Oceans collide inside my head  
I have no fear, no use for pain  
I am omnipotent

Yeah, come wake the dead  
Waking the dead  
Waking the dead

Yeah, yeah, yeah, yeah

Ooh, this is a noise that I play  
When I raise the dead  
Can't get the song out of my head  
Black zombie radio  
Come with me where I go

Yeah, come wake the dead  
Waking the dead  
Waking the dead

Yeah, come wake the dead  
Waking the dead  
Waking the dead

I have no fear, no use for pain, pain, pain, pain  
Oceans collide inside my head, head, head, head  
Raise the dead, yeah, raise the dead, yeah, raise the  
dead
