All the dreams that I have had
They lie shattered on the floor
But I found what I was searching
I've never wanted more

I am forced to leave this life behind
Your remaind behind the door
But our love stays in my heart
I've never wanted more
I've never wanted more

Please forgive me, but I have to leave
Stand up proud and show no grief
In this hour, I will pray
That we'll be joined again some day
Our love is stronger than the sun
And will still shine, when I am gone
I'm so afraid to cross this line
Please hold me for one last time

The marks I left, the deeds I've done
Will remind the world of me
Some hearts will bear my memory
I've never wanted more

Also these lines shall shine up high
To show the people who I've been
A loving man of pride and passion
I've never wanted more
I've never wanted more

Please forgive me, but I have to leave
Stand up proud and show no grief
In this hour, I will pray
That we'll be joined again some day
Our love is stronger than the sun
And will still shine, when I am gone
I'm so afraid to cross this line
Please hold me for one last time

Forgive me
Forgive me

Forgive me
Forgive me
Forgive me
Forgive me
Please forgive me

Please forgive me, but I have to leave
Stand up proud and show no grief
In this hour, I will pray
That we'll be joined again some day
Our love is stronger than the sun
And will still shine, when I am gone
I'm so afraid to cross this line
Please hold me for one last time
