Feel the cage
Let free the rage
See the lies
That surround us

Feel the laws
Let free your rage
See the walls
That do bind us

Resurrect your soul from it's forced sleep
Resurrect your thoughts, that were silenced long ago
Resurrect your love, from It's dense keep
Resurrect your passion, unleash your will, unleash your
soul

Break the chains
Of all morality
Unleash your will
And you will see

All you are
All you can be
All you are
All that you will be

Break the laws
Of our society
Unleash your will
Be all you can be

Resurrect your soul from it's forced sleep
Resurrect your thoughts, that were silenced long ago
Resurrect your love, from It's dense keep
Resurrect your passion, unleash your will, unleash your
mind

"Those who bear no doubts in their beliefs
Can become and achieve everything by
The sheer power of their will.
Once unleashed it's force can only be tamed
By death's seductive powers"

All you are
All you can be
All you are
All that you will be

Resurrect your soul from it's forced sleep
Resurrect your thoughts, that were silenced long ago
Resurrect your love, from It's dense keep
Resurrect your passion, unleash your mind
