oui c'est la vie, oui c'est la vie
Swinging aimlessly
oui c'est la vie, oui c'est la vie
My thoughts long for you

Let your heart be merry by this feeling like you're
waiting for someone
It's not often that we open the door to a holiday
This street is covered in showy garments and a
happiness that comes and goes
My fingertips search lonely for you

oui c'est la vie, oui c'est la vie
If I continued to follow that distant singing
The dusk would come soon

this time a gentle voice
this night descends upon the city
this time I'll forget everything
this night up till tonight

Without taking heart, the bitterness of the smoke mixes
with their breaths
You vanish into a crowd of smiling people
Somehow or another the cast will become empty
passerbyers
And when that happens, I'll imitate their colors

oui c'est la vie, oui c'est la vie
Swinging aimlessly
Nowadays, I think things are going alright

If I could drift gently over to the place not on a map
I'll forget the hours I spent singing to myself without
realizing it

oui c'est la vie, oui c'est la vie
Swinging aimlessly
oui c'est la vie, oui c'est la vie
My thoughts long for you
