(romanized and translated by Lorraine )  
Entichers... shinjitsu ga wakaranakutomo  
(even though I don't know the truth)  
kwaranu fuukei wo nagamete arekara ikutose  
kono chiisa na mado hitotsu no kago no naka kara  
kimi wo matsu  
akizu ni kurikaesu uta kasureta koe de  
maifuru yuki ni awasete kuuhaku wo umeteyuku  
(admiring the unchanged scenery, since several years  
ago  
from a cage by the small window,  
I am waiting for you  
without getting tired, with a hoarse voice I repeat my  
song  
facing the falling snow, the blank space is filling up)  
\* kuruoshii madeni omoi matsu watashi wo  
anata wa tabun... sou  
wasureteru deshou kedo  
(prehaps you must have forgotten me, who loves you  
very much and waits for you,  
but...)  
Entichers... sore ga sonzai suru imi  
(it is my purpose of existing)  
\* repeat  
Entichers... shinjitsu ga wakaranakutomo  
(even though I don't know the truth)  
kyou mo mata yuki ni awase kurikaesu  
uta ga togireru made  
(even today I keep on facing the snow,  
until my song is interrupted)
