[English Translation]

Woah! bringing things together; holding a dream;  
heading into boundless paradise.  
I can't even get back what I lost; running through a far-  
off path.

We never knew to doubt a single thing, did we?

We'll say goodbye, lost heaven.  
How we longed for heaven.  
We're letting go of something we never had.  
Time goes so fast, heaven is lost.

I reached out my hand to grab my dream; a softly  
crumbling castle of sand.  
We just stood stock still at the street where we parted;  
leaving behind a smile.

It just disappeared - the paradise you painted.

We'll say goodbye, lost heaven.  
How we longed for heaven.  
We're letting go of something we never had.  
Time goes so fast, heaven is lost.

The floating stardust we couldn't make one again; a  
bouquet of red flowers for the end of this performance.

We'll run to the destination in our eyes; even if it's only  
an illusion.

We'll say goodbye, lost heaven.  
We'll say goodbye, lost heaven.  
We'll say goodbye, lost heaven.  
We'll say goodbye, lost heaven, yeah

We'll say goodbye, lost heaven.  
How we longed for heaven.  
We're letting go of something we never had.  
Time goes so fast, heaven!

We'll say goodbye, lost heaven.  
How we longed for heaven.  
We're letting go of something we never had.

Time goes so fast, heaven is lost.  
Time goes so fast, heaven is lost.  
Time goes so fast, heaven is lost.

I wish you good luck. I still remember every day.  
I wish you good luck. I still remember every day.
