In the moon want to sleep want to sleep
With the silence you heal me again
Through the long and trying day you save me
In the moon I'm just veiled in the silver shining
Asa no kagayaki wa kegaresae utsusu
There is nothing I want I stay with you
And lose all stand still
In the sun want to sleep want to sleep
With the sunrise you wake me again
And make a fuss without notice you confuse me
In the sun I just beg longest sleepless night
Yoru wa machijuu no yasuragi o tomosu
There is nothing I want I stay with you
And lose all go and sail the sea I've never gone in the
sun
Setsunai hibi ni kokoro wa naita
Chigireta koi wa samayoubakari
There is nothing I want I stay with you
And lose all stand still
Close to the moon
Lose all we will go
Please stay with me
And lose all go and sail the sea I've never gone in the
sun
