Verse 3 Part 1: Krayzie

It's like I'm livin'.
Got me illest livin' like everyday.
I'm spending my time.
Preventing my mind.
Flo flipping and going the same.
And now that we coming up on these last days.
We'll end in the fast lane.
It only contributes into my bad ways.
This ain't even my life cause I was suppost to be livin'
forever right here in the flesh.
And now up in Heaven cause I now God gon make it
betta'.
We runnin' around chasing this paper like that's gon'
save us.
We so caught up in trying to get famous.
It's a shame but,
can you blame us.
Cause taking all of this hard times,
keep on blinding our minds.
Why don't we wanna be like God?
Shot for the stars and the sky.
Niggas determine to get rich.
I'ma afraid they gon' lose their glasses.
So the question is,
You wanna stay alive or try to be wealthy?
