Ladies and gentlemen
The Dream Team is in the house
Ladies and gentlemen
The Dream Team is in the house
Ladies and gentlemen in the house
Ladies and gentlemen in the house

Yes, they're here
The dream is here
The dream is here
The dream is here
The dream is here

Ladies and gentlemen
Have you heard?
The Dream Team is back
So spread the word

Well, hit me on the one
And don't delay
'Cuz the Dream Team is here
And gonna make your day

We came here to kill
And this our deal
But the music don't kiss it
Then the fly looks real

We gotta give it what we got
Even get us up wide
And what you need you could jive alive
So without hesitation
You'll see what we're about
The Dream Team is in the house

Yes, they're here
The dream is here
The dream is here
The dream is here
The dream is here

Well, I'm over your radio once again

Pretty Par D, I'm your best friend
Let's take it to the stage
Feel better by the pound
My name is Par D
And I'm gonna throw down

In case you don't know who I be
I go by the name by a snake
But I judge faces to the fact
That I'm proud to be black
Do the best that I can with my fly girl band

So ladies and gentlemen
Boys and girls
Take this funk into your world
Remember make the situation with
Steady concentration

Then you know what we're talking about
But nevertheless, you got the best
The Dream Team is in the house

Yes, they're here
The dream is here
The dream is here
The dream is here
The dream is here

Can you say?
Yo baby, yo baby, yo
Yo baby, yo baby, yo
Yo baby, yo baby, yo
Yo baby, yo baby, yo
Yo baby, yo baby, yo

Join us here, each week my friend
We're sure to make you rock
With me Par D and snake, puppy
Our rhymes will never stop

Fly girls, fly girls and the whole damn crowd
With a simple scream and shout
We want you all to know that
The Dream Team is in the house

Ladies and gentlemen
The Dream Team is in the house
Ladies and gentlemen
The Dream Team is in the house

Everybody in the place before we go

Is for those of you who did and did not know
The Dream Team is here
We're about to make noise til the party ends

For all the fine ladies
Let me hear you shout
(The Dream Team is in the house)

Fresh young guys
Let me hear you shout
(The Dream Team is in the house)

Now guys and girls
Let me hear you shout
(The Dream Team is in the house)
