I groove in stereo  
She make the moves  
I love the nasty girls  
How 'bout them shoes  
You are so pretty girl  
I love ya thighs  
Take a trip in my Cadillac  
2 the wild side

17 Crash chaos all around me  
17 Crash hot sticky sweet  
17

You're coming back with me  
Don't say a word  
Fire's burning down below  
Ice in my blood  
I ain't no Romeo  
No daddy sweet  
Just a bit of rock n' roll  
Found on the street

17 Crash chaos all around me  
17 Crash hot sticky sweet  
17

I bet u 10 2 1  
Cause I fix the race  
Put it down 2 xperience  
A different kinda taste  
O my pretty 1  
Don't look so sad  
Drink 2 me occasionally  
And all the fun we had

17 Crash chaos all around me  
17 Crash hot sticky sweet  
17
