Come on

Look around me, you astound me
You are oh, so beautiful, oh yeah, I am home
Been away far too long, thought of you with every song
Every song I sang, I sang for you

It's gonna take a little time, gonna take a little
concentration
I think that time has come to state
When I said, I couldn't get enough of that situation
Well, I recognize, I don't want to stay away

Oh, so beautiful, oh, so beautiful
Oh, so beautiful, oh, so beautiful

And through this crazy ride, you've been there deep
inside
Deep inside I know, I'm not alone
And now it's all so clear, my doubts just disappear
When I'm with you, I call it home

It's gonna take a little time, gonna take a little
concentration
I think that time has come to state
When I said, I couldn't get enough of that situation
Well, I recognize, I don't want to stay away

Oh, so beautiful, oh, so beautiful
Oh, so beautiful, oh, so beautiful

All my life, I've been waiting
And I think it's right, don't go away

Oh, so beautiful, oh, so beautiful
Oh, so beautiful, oh, so beautiful

(Oh, so beautiful)
Been around this great big world
Must have loved a million girls
When I'm with you, I call it home
(Oh, so beautiful)
