Somebody love me
Somebody care
Somebody hold me
When I am scared
Somebody reach out and hold my hand
Somebody somewhere must understand
I found you
You wanted me too
Somebody touch me
Somebody give
Give me a reason
I wanna live
Oh, I don't ask for much
All I want darling is a little trust
I found you
You wanted me too
I found you
You wanted me too
Somebody trust me, Somebody care
I ain't got much, girl
But I'm willing to share
Oh it's hard, this world can be so cold
We all need a little love
It's what makes us whole
I found you
You wanted me too
