Somebody love me, somebody care
Somebody hold me, when I am scared
Somebody reach out and hold my hand
Somebody somewhere, must understand

I found you, you wanted me too

Somebody touch me, somebody give
Give me a reason, I wanna live
Oh, I don't ask for much
All I want darling is a little trust

I found you, you wanted me too
I found you, you wanted me too

I need somebody trust me
Yes somebody care yeah
I know ain't got much girl
But I'm willing to share

Oh it's hard
This world can be so cold
We all need a little love
It's what makes us whole yeah

I found you, you wanted me too
I found you and you wanted me
Wanted me too
