Angel mercy, tears like rain  
Hurt so good, can't feel no pain  
Paint it black, drives me insane  
So far gone, I'm not the same

You give me one more reason  
One more reason to die  
You give me one more reason to die

Y'all be blood with no regrets  
English words, they won't forget  
Crimes of passion, cigarettes  
Move by night, he won't suspect

That you give me one more reason  
One more reason to die  
You give me one more reason to die

And I ask myself  
The same question every night  
What makes me restless  
What makes me fight

Car ahead eliminate  
Smoking gun that sealed their fate  
Flesh and blood to instigate  
Can't go back it's far too late for you

You give me one more reason  
One more reason to die  
You give me one more reason to die  
You give me one more reason to die  
You give me one more reason
