She looks good
She looks tough, c'mon

Baby lives in a trailer park, only comes out after dark
Hates her mom, hates the old man, don't like living in a caravan
Whoa, taxi cab it ain't nice for girls to grab
She's leaving town on a Greyhound bus, oh

Doing time for your baby
(Sleazy come easy go)
Time for your man
(Sleazy come easy go)
Time for your baby
(Sleazy come easy go)
Anyway you can

New York City, Hollywood, just like she always knew she would
She's riding high, playing the game, moving fast as a hurricane
Whoa, taxi cab it ain't nice for girls to grab
Don't make a sound, don't make a fuss, oh

Doing time for your baby
(Sleazy come easy go)
Time for your man
(Sleazy come easy go)
Time for your baby
(Sleazy come easy go)
Anyway you can

Check this out

And she want it, want it
And she want it now
And she want it, want it
And she want it now
And she want it, want it
And she want it now
And she want it, want it

Private plane, crystal queen, best Peruvian you've ever
seen
Lady luck took a dive, she's in stir doing 3 to 5
Whoa, where's that cab, I told you it ain't nice to grab
Don't make a sound, don't make a fuss, oh

Doing time for your baby
(Sleazy come easy go)
Time for your man
(Sleazy come easy go)
Time for your baby
(Sleazy come easy go)
Anyway you can

Doing time for your baby
(Sleazy come easy go)
Time for your man
(Sleazy come easy go)
Time for your baby
(Sleazy come easy go)
Anyway you can

Doing time for your baby
(Sleazy come easy go)
Time for your man
(Sleazy come easy go)
Time for your baby
(Sleazy come easy go)
Anyway you can
